Re: Construction work at P.S. 169 Q

Dear Neighbors of P.S. 169 Q:

Danielle Schaaff
Manager, Community
Relations

Dschaaff@nycsca.org

The New York City School Construction Authority (SCA) would like to provide an update of our project currently underway at P.S. 169 Q. The early package project is continuing with the installation of the remaining storm drainage system. SCA contractor will proceed with demolition and removal of the one story kindergarten building. This activity is scheduled to begin on Monday October 28, 2019. The removal of this building is expected to take eight weeks.

On school days, the removal of this building will take place after normal school hours. Noisy work will cease at 10:00PM. Work may also take place on weekends and holidays as needed. On days when school is not in session, the work may take place during daytime hours. As you know, major construction inevitably causes noise and other disruptions. During the construction activity, the SCA will strive to minimize the disruption to you and your neighbors who live around 18-25 212th Street Avenue.

We regret this disturbance to the community but, with your cooperation, we hope to finish this project earlier than anticipated. If you have any questions, feel free to call me at (917) 662-1432.

Thank you in advance for your cooperation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Danielle Schaaff", is written over a light blue horizontal line.
